

Welcome to Friday Night Socials

What are Friday Night Socials?

Friday Night Socials (or FNS) are a range of social events and activities where people can meet, socialise, and find out about events and services of interest. (And yes you guessed right – the events will be mostly held on a Friday Night!)

Who is it for?

People with Sickle Cell and Thalassaemia living in or receiving their care in Wandsworth who want to make the most of their social lives, are seeking a wider social network or looking to try new activities.
