

Meet The Commissioners

The Wandsworth Clinical Commissioning Group plan and design the health and care services for the local area. The Commissioners are currently reviewing the community health services for people with Sickle Cell and Thalassaemia.

WSCTSG invites you to meet with the Commissioner to discuss your views on the Sickle Cell and Thalassaemia community health services provided by **Balham Health Centre**. There will also be an opportunity to comment on how care is provided by A&E and during admission.

Get involved - Your voice counts!

Come along to share your comments, make suggestions for improvement and put forward ideas on what would make it a great local health service for yourself and others.

By listening to patients, carers and other service users, Wandsworth Commissioners can address concerns and work towards making noticeable improvements in local services.

If you cannot attend on the day you can join the conversation by calling, texting, or emailing us beforehand to comment on your experiences or share your ideas. We will pass on the comments to the Commissioners.

Your feedback is vital to the improvement of local health services

Thursday 14th May at 6.00pm

The Meeting Room

Wandsworth Sickle Cell and Thalassaemia Support Group

15 Broadwater Road, Tooting, SW17 0DS (opposite St Augustine's Church)
